Wife of Hickory Corners Pioneer Dies in Waukegan

Mrs. Elsie J. Kennedy, 69, died last Wednesday at 614 Glen Rock avenue, Waukegan. She was the wife of the late John Kennedy, a pioneer farmer of Hickory Corners, Lake county. Following his retirement from farming they moved to Waukegan.

Survivors include two sons, Gordon and Jack Kennedy, both of Waukegan, and a sister, Mrs. Fannie Schriener, of New York.

Funeral services were held Friday morning at 10 o'clock in the White and Tobin funeral chapel with Dean Howard Ganster officiating. Interment was in the Hickory cemetery.

Hans the Swede Is Coming to Lake Villa

Hans Hansen, one of the best Swede comedy characters appearing on the American stage, will have the leading comedy role in "The Gypsy's Trail," the stage play to be presented Monday night in the Lake Villa school gym by the J. B. Rot-nour company.

The play is a colorful drama with special costumes and comedy very much in evidence by Hans Hansen and his trouble-makers. J. B. says those who attend are assured of a full evening's entertainment by a cast of players in the flesh who have been personally selected to appear in the spoken drama. Get free merchants' tickets and take the whole family to meet Hans the Swede. Special vod'vil between acts.

Wayne and Wesley Gratz of Libertyville have leased a 60-acre field in the Butler park area northwest of Libertyville for a new airport. They plan to build a two-plane hangar.

Greenlee Instructs Class in First Aid At Libertyville

Passing successfully all of the tests given in the American Red Cross instructors' course following many weeks of special training, Harry Greenlee of Antioch was the first among the thirty men receiving certificates to be called to instruct others in first aid.

He has been assigned as instructor to give a ten weeks' course in first aid to a class made up of telephone employees in Libertyville. Greenlee, himself a telephone worker, has been with the Illinois Bell company for 12 years. He received his initial instruction in first aid work in 1929. Since that time he has served in many emergencies and has attained a proficiency in first aid work that brought high commendation from company officials and fellow workers.

With the granting of the thirty lay instructors' certificates, Dr. F. A. Ellis, mid-west field representative, announced that the Lake county Red Cross chapter has the largest corps of instructors for chapters of its size in the United States.

Others from Antioch vicinity receiving certificates as lay instructors were Herman Holbeck and Herman Rosing of the local rescue squad who also are members of the Antioch Fire department.

Llewellyn B. Lesh War Veteran, Dies

Oak Park Legion Conducts Military Rites on Wednesday

As a courtesy to the Antioch American Legion, of which he was a member, the Oak Park post conducted military rites for Llewellyn B. Lesh, at 4 o'clock Wednesday afternoon. The body was sent to Warsaw, Ind., for burial.

Lesh died Monday afternoon in the Oak Park hospital.

Surviving him are his wife, Frances; his sons Bud and Bob, and daughter, Jane; and his sisters, Georgene and Charlotte. Mrs. Gwendolyn Klingler, Mrs. Margaret Stafford and Mrs. Florence Johnson.

Lesh, who had been a sales representative for a steel corporation, resided in one of the government homes south of State Line road and east of Pikeville.

Menus for 1,000 Problem for Gerber

Housewives sometimes think it's a big enough job to figure out a meal for half a dozen people—but how'd you like to be worrying about how to feed a thousand people?

That's the thought that's confronting William ("Bill") Gerber of the National Guard, who is also proprietor of the Midget Eat shop in Antioch. Gerber has received notice that he may soon be summoned to the Armory in Chicago to supervise preparation of meals for a couple of days—for about 1,000 men.

"I thought it was enough to keep a person busy supervising meals for 360 men," says Gerber, who returned last week from a motor transport and subsistence school conducted at Camp Grant, near Rockford. Marvin Van Patten also attended the school, in the mechanics' division.

"We had three big ranges going all the time at Camp Grant. There were four cooks assisting me over a 20-hour period, about a dozen men were detailed as general assistants, and a dietetics officer worked with me on the general supervision.

"We had to see that the food was wholesome, palatable and generally appealing—and we had to start and complete the serving within a period of 45 minutes. Once we made it in 40!"

For a week previous to his departure for Camp Grant, Gerber had been under a doctor's care for injured ligaments of his back, suffered in a fall while on a trip to Wisconsin recently.

Hanrahan Announces "Turkey Shoot" for Nov. 24

For many years it has been a tradition to hold a "turkey shoot" at Jim Hanrahan's place on the east shore of Grass Lake during the Thanksgiving week-end. This year will be no exception, and a good number of sharpshooters are expected to show up for the all-day event, Sunday, Nov. 24.

Mr. and Mrs. Arthur Trieger and son, Ralph and Mr. and Mrs. O. E. Hachmeister are spending Thanksgiving Day with Mr. and Mrs. Richard Kennedy of Congress Park.

Future Farmers Win 25 Ribbons at Palatine Fair

Antioch Teams Take High Awards in Poultry and Grain Divisions

Twenty-five ribbons were won by the Future Farmers of the Antioch High school at the annual Sectional Vocational Fair held at Palatine, Ill., last Saturday. Nineteen High schools of Northeastern Illinois competed in showing poultry, eggs, corn, and grain produced by vocational students.

Antioch, as usual, won the majority of the awards in the poultry and egg division. This year the winnings in the grain division were equally as good.

Many Poultry and Egg Awards Page Keown won two blue and one white ribbon in the Leghorn classes. His Danish strain Brown Leghorns competed with ten exhibitors showing White Leghorns.

Gerald Marrs won a 4th place ribbon in the same division with a white Leghorn pullet. He also won third on white eggs in a class of 13.

George Sterbenz showed a wonderful White Plymouth Rock cockerel to win a blue ribbon. He also placed 4th in a class of 22 capons.

His brother, Paul Sterbenz placed 5th in the White Rock cockerel class of 17 birds.

Harold Severson won the great honor of exhibiting the blue ribbon brown eggs in a class of 26 dozen shown. He also won a 3rd on Barred Plymouth Rock pullet and a blue ribbon on Barred Rock cock.

Albert Smith showing New Hampshire Reds won 1st on cockerel, 3rd on pullet, and 7th on brown eggs. Allan DeBaets won a blue ribbon with a White Leghorn hen, and a 4th place ribbon on white eggs.

Walter Edelman crowded Severson for the honor in the brown egg class but dropped a place to receive 2nd place. He also won 2nd on White Jersey Giant pullet.

Norman Edwards won two white ribbons with his White Wyandotte exhibits competing with fourteen other exhibitors.

James Roepenack showing Rhode Island Reds won 4th on cockerel and 2nd on hen.

Henry Lukeman placed 5th on a White Plymouth Rock hen.

Others showing in the poultry classes from the Antioch school were Jack Flannagan, Richard Prince, and Leo Buchta. Buchta's exhibit rated "excellent." Prince's rated "good" while Flannagan's Buff Orpingtons were hatched too late to compete in fast company and were rated "fair."

Also Win on Grain and Corn

Earl Brixen won a red ribbon on Columbia oats while Otto Gussarson took third in the same division. Richard Hartnell's oat exhibit rated "good."

Milton Smith's exhibit of shelled hybrid corn won him a rating of "excellent." His bushel of ear corn rated "good."

Niels Nielsen received "good" on both his shelled and ear samples. Robert Bolton rated "good" with his shelled corn, as did Lawrence Keisler. Robert Elfering showing a bushel of ear corn rated "fair."

The exhibits were accompanied by a crew of four students and their instructor, C. L. Kutil. The boys who assisted were Norman Edwards, Albert Smith, Gerald Marrs, and William Dow.

The large exhibit was trucked to Palatine through the courtesy of C. F. Richards who furnished his International truck for the purpose.

Nicholas Rosing Dies at Home in Grant Township

Nicholas Rosing 77, a native of Big Hollow, Grant township, died last Wednesday night. He had been ill two years.

Born in Big Hollow in 1863, he was the son of Frank and Gertrude Rosing, pioneer farm settlers. At the death of his father in 1889, Nicholas Rosing helped his mother raise the younger children of the family. He continued working on the family farm until his illness.

His hobby throughout life was the tending of his bee-hives. He was former road commissioner of Grant township.

Mr. Rosing leaves six sisters: Mrs. Angie Hertel, Waukegan; Mrs. Mary Stoffel, Fremont Center; Mrs. Elizabeth Stoffel, McHenry; Mrs. Minnie Dalziel, Ohio, Ill.; and Mrs. Margaret Hucker, and Miss Gertrude Rosing, both of Ingleside; also three brothers, George and Frank Rosing, Ingleside, and John Rosing, Round Lake.

Funeral services were held Saturday at 10 a. m. in St. Joseph's church, Round Lake. Interment was in Volo cemetery.

MASONIC PASTMASTERS ENTERTAINED AT BANQUET

Seventy-five, Lodgemen, Charter Members and Visitors Attend

Seventy-five Masons, including 14 past masters of the local lodge and distinguished visitors from other lodges, attended Past Masters' night held here Tuesday evening by Sequoit lodge and starting with a turkey dinner served in the Masonic dining room at 7:00 o'clock.

The following pastmasters of Sequoit lodge were introduced by Master E. W. Kulak: Frank J. Huber, Elmer Brook, Arthur Rosenfeldt, Edward S. Garrett, Ray L. Webb, Arthur M. Hawkins, Herman J. Cubbon, Robert J. Wilton, Samuel E. Pollock, Elmer Hunter, Lew R. Van Patten, Emil R. Lukeman and William J. Anderson.

Also present and introduced were Ira M. Simons, charter member of the local lodge; Judge Perry L. Persons, Past High Priest of Royal Arch chapter; State's Attorney Charles E. Mason of Waukegan Lodge 78, and other pastmasters and masters of various lodges.

Solomon LaPlant, who besides Mr. Simons is the only other surviving charter member of Sequoit lodge, was unable to be present. The oldest member present, in point of years of continuous service, was Frank B. Huber, who has served as secretary of the local lodge for the past thirty years. The Masons enjoyed colored movies of the Western Mountain country shown by Attorney Walter French.

Raise Dredges Sunk in Last Week's Storm

Two dredges which were sunk during the storm last Monday were pumped out and raised Friday.

The dredges, with which James Stearns and Ray Pregrenger had been clearing out a channel from Lake Catherine to Channel Lake, were swamped by the tons of water slung over them by the terrific gale and sank within 150 feet of each other.

A crew consisting of Stearns, Louis Pregrenger and Harry Rowling, borrowed a centrifugal pump from Robers of Burlington and succeeded in raising the dredges after some hard work.

The channel being cut is to be 700 feet long, 10 feet wide, and 6 feet deep.

Aliens Must Register by December 26, '40

The four-month period provided by Congress for the registration and fingerprinting of all aliens in the United States is now nearing its close. With little more than a month to go the U. S. Department of Justice is facing the task of registering the last 800,000 or so non-citizens who are still ignorant of the law, negligent, or unwilling or reluctant to comply with the law. The department reports that over 2,800,000 aliens have already registered. Those who have not registered are warned that severe penalties will follow failure to comply with the federal law.

Fifty-seven Register Here

Fifty-seven aliens have been registered at the Antioch post office, according to Postmaster Roy Kulak. About one-half of the number are local residents within the jurisdiction of the local office and the remainder are from adjoining communities.

The federal law for the registration provides that:

All aliens, 14 years of age and older, must register in person and be fingerprinted.

All children, under 14, must be registered by their parents or guardians.

Registration takes place at the post offices.

There is no charge of any kind connected with alien registration.

The department warns aliens to beware of racketeers.

The Post Office Department and the Department of Justice will willingly assist the alien in every possible way.

Earl G. Harrison, Director of Alien Registration of the Department, suggests that those aliens who have not yet registered do so as soon as possible and avoid the Christmas rush at the post offices.

All aliens are also warned that, having registered, they are required to report any change in their permanent residence address within five days to the Immigration and Naturalization Service of the Department of Justice in Washington. Forms for this purpose are obtainable at all post offices.

No alien need be unprepared for the questions he will be asked. Sample registration forms which show him exactly what information he will need at registration are available in all post offices.

HAWKINS HONORED BY MEN'S CIVIC GROUP

Presentation of a beautiful leather purse to Eugene Hawkins, a charter member who has never missed a meeting since the club was organized five years ago, was a high point of interest in the dinner program held by the Antioch Men's Civic club Monday evening in Guild hall.

The president, Otto S. Klass, turned this part of the program over to W. C. Petty, who made the presentation on behalf of the members.

A talk of the "popular scientific" type by Frank H. Brown, director of public relations for Chicago Technical college, was greatly enjoyed.

Mr. Brown also spoke at Antioch Township High school, in the afternoon.

His talk for the Civic club was entitled "The Air We Breathe." The wonders of liquid air and other phenomena were among the matters he discussed.

William Duncan of Wadsworth won third place in class 1 for Shropshire sheep he showed at the American Royal Livestock show at Kansas City, Mo., last Wednesday night.

Swanson Donates Evergreen Trees for Village Park

Blue Spruce Trees Will Be Permanent Part of Landscaping

Not one Christmas tree, but five, will shine forth radiant with colored light bulbs in the Antioch village park this year, through the generosity of Fred B. Swanson, manager of the Antioch theatre.

After the holiday season the five blue spruce which were planted Monday will remain as a permanent "Christmas greeting" to the villagers and visitors.

Their planting arrangement is in harmony with landscaping plans for the park.

The trees were procured from the Lilac nursery near Lake Zurich, through Mr. Swanson's aid.

In former years the Antioch Lumber and Coal company supplied Christmas trees to the village, until this part of the Yule decorations was taken over by the village board; since which time the lumber company has been donating candy and fruit gifts for the children for distribution at Christmas Eve programs around the municipal tree.

Chesney Farms Wins County Corn Crown

An outstanding corn yield of 113.3 bushels per acre has just won the corn growing grand championship of Lake county for Chesney Farms, Lake Villa, in the 1940 National DeKalb Hybrid Corn Growing contest. Officials of the nation's biggest corn yield competition report that nearly 10,000 farmers from the 12 principal corn-producing states entered the contest.

Chesney's 113.3 bushel per acre crop, which is almost 4 times bigger than the national average corn yield this year, was certified for production competition and witnessed by two farmer-neighbors. It will return more than 900 bushels of corn for each bushel of seed planted.

The corn was grown under ordinary farming conditions from hybrid seed, DeKalb 225 and in recognition of the splendid accomplishment Chesney Farms will be presented with a beautiful bronze trophy.

Otto Lehmann is the owner of the farm and William M. Marks, manager.

Red Cross "Quota" May Be Doubled, Reports Chairman

"People of Antioch and vicinity are co-operating wonderfully in this year's Red Cross membership campaign," reports Mrs. A. P. Bratrude, local chairman.

"Our quota this year was 100 memberships. I have already received 40 more than that number, and it begins to look as though we would double last year's quota."

"Half of the membership funds raised here remain with the local chapter and half go to the national organization. All membership money is used within the United States," Mrs. Bratrude points out.

"I believe the splendid use to which the Antioch rescue squad has put its Red Cross first aid training has had a material effect in drawing people's interest to our campaign, and I also wish to thank the Antioch News for the help it has given."

Working with Mrs. Bratrude on her committee are Mmes. W. W. Hills, Herman Holbeck, John Horan, Herman Rosing, Paul Ferris, D. N. Deering, Edmund Vos, George Schlosser, I. B. Elms, H. H. Perry, and Herman Holbeck and Herman Rosing, members of the Antioch Rescue Squad and Red Cross first aid instructors.

Christian Bloom, 82, Is Buried at Wadsworth

Christian Bloom, 82, a resident of Wadsworth for more than 60 years, was buried in Ascension cemetery Saturday morning following services held at 9:30 o'clock in St. Patrick's church at Wadsworth.

A rescue squad from the Fox Lake fire department revived John Szafranski, 31, when he was found unconscious in his warehouse at Ingleside. Szafranski was overcome by carbon monoxide from a defective kerosene heater.

A Healthy Example

While some in this country continue to talk as though group strife is the necessary order of the day, it is all too easy to forget the real truth: That the American way of co-operation and mutual respect for the other fellow's opinion is in practice daily in thousands of communities in every part of this broad land of ours, and under every conceivable circumstance.

It's just one example among many, but we were interested the other day to read about the manner in which the Package Machinery Company of Springfield, Mass., deals with representatives of its employees. Whenever a joint meeting is held, a record is kept and this record is sent to every employee and his family.

Commenting on this procedure, Vice-President George A. Mohlman has this to say: "Both labor and management have often forgotten that there is a third party vitally interested: the public. Therefore, these minutes are made available to any citizen of the community desiring to see them."

"America has always favored open discussion. . . . This is the American way."

It's just one interesting case among thousands, of course. And they all show a healthy realization on the part of different groups that our domestic problems can be solved if we all work frankly together—a result that would in the end make our "world" problems a whole lot simpler!

Irony

Here's a little news item that might be termed the height of irony.

Some time ago a group of unemployed hosiery workers decided to create their own jobs by going into business for themselves. They made a deal with a bank for possession of an abandoned hosiery mill.

Shortly after opening they signed an agreement

with their union to pay themselves union wages. However, they found that this was a financial impossibility, and so they had to petition the union for the right to cut their own pay.

The union refused. Result: The enterprise faces bankruptcy, which would mean a return of the workers to the relief rolls.

No More Boondoggling

There have been noticeable developments in respect to financing the vastly costly national defense program. First, it is widely urged that the pay-as-you-go plan be followed as much as possible, even though heavy tax increases prove necessary.

Second, there is general demand that all other government expenditures be drastically reduced—and that non-essential bureaus and departments be entirely eliminated.

There never was a time when businesslike planning of the affairs of government was more necessary to the national welfare. No longer can we afford boondoggling. No longer can we afford the old log-rolling practice, whereby congressmen and senators are virtually forced to vote for unnecessary expenditures for their districts. No longer can we afford "experiments" which disrupt industry and labor, and pamper the incompetent and lazy while the hard-working and efficient pay the bill.

The American people are ready to make great sacrifices. They will pay every cent necessary for defense without grumbling. But they are going to insist that every cent goes for an essential rather than a political purpose. They are going to demand that their sacrifices are not in vain. They want real statesmanship, motivated by high patriotism, irrespective of party labels, and they do not want local short-sightedness and selfishness.

Everything O. K.

Relievers in Gibbon, Nebraska, are fed on potatoes shipped out of Virginia, at a cost of \$1.75 a sack while farmers at Gibbon are unable to sell their potatoes at 75c a sack. "It does not matter where we get potatoes," said the state relief administrator, "the Federal government pays for them."

Well, winter is upon us again and one of our friends tells us he can't remember now what has become of his summer's WPA wages.

home of their daughter and husband, Mr. and Mrs. Henry Prange.

On account of the inclement weather last Thursday the Willing Workers did not hold their meeting, but Mrs. Nell Runyard will act as hostess to the group on Friday of this week, instead of Thursday, the regular meeting day.

Please let me tell you

some points you may not
know about Long Distance
telephone calls—

What's a "station-to-station" call?

This is the kind of out-of-town call to make when you are willing to talk with any one who answers the telephone. Just give the operator the number (or the name and address under which the telephone is listed), and say you will talk with any one.

What's a "person-to-person" call?

Here you give the number (or name and address) and specify the person you want. Rates in this case are slightly higher than those for "station-to-station" calls because the operator has to locate the person you want to reach before your charge for time begins.

When is the best time to place a call?

Any time you wish! We're ready twenty-four hours every day. Long Distance service now is uniformly fast, accurate and reliable—connections are made in an average time of 1.4 minutes, most of them without "hanging up." Bargain periods, of course, are after 7 P. M. and all day Sunday.

Why are Long Distance rates lower every night after 7 and all day Sunday?

Because the number of toll calls at night and on Sunday is considerably less than during busy weekday hours. Rates are reduced to invite more calls when traffic is lighter.

Why is this service so dependable?

Because the equipment is properly engineered with the assistance of Bell Telephone Laboratories scientists; it is sturdily made by Western Electric; it is operated by skilled men and women who have the spirit of service; and your company can summon special help when needed from other associated companies of the Bell System.

It is our constant aim to offer swift and accurate local and out-of-town telephone service at all times and under all conditions—at the lowest possible cost to you. . . . Illinois Bell Telephone Company.

More Power to Thrift— more Thrift from Power

MOST people would be willing to spend a little extra for what Buick has to offer—style, size, room, steadiness, durability—if part of that extra could be paid back through lower operating costs.

Especially they would like really satisfying performance—quick take-off, easy hill-climbing, sure power, fast response—if they could have it in a car that's stingy with gasoline.

That's what we've given them—through the extra power in this 1941 Buick.

The added wallop of FIREBALL engine design and Compound Carburetion lets us use more thrifty gear ratios, saving money without complicating extra gears or mechanisms.

And the tremendous reserve-power

in these Buick engines—at 40, for instance, you have as much as 85% of your power "on call"—still permits the flashing get-away, the swooping hill-climb, the sure lift out of pinches you once had to buy with heavy gasoline consumption.

So we say—more power to thrift—it helps put Buick thrill and comfort within easy reach.

And the reason is—more thrift from power—from abler engines.

It all adds up to the sensation of the year—the car you ought to see first—the brilliant, able beauty your Buick dealer has waiting for you.

ATTITUDES TOWARD THE GOSPEL MESSAGE

LESSON TEXT—Luke 6:4-15.
GOLDEN TEXT—Take heed therefore how ye hear.—Luke 6:18.

"He that hath ears to hear, let him hear," cried Jesus as He taught the parable of the sower. Thus He reveals the heart of the lesson—that it is the hearing of the Word of God, and the manner in which it is heard that determines the destiny of man.

One may hear and yet not hear at all. Some who imagine themselves deaf have perfect hearing, but are so preoccupied with their own thoughts that they do not grasp what they hear. To be in such a state as far as spiritual things are concerned is desperately serious. Jesus cries to you, "If you have ears, hear the Word of God."

A parable is an earthly story relating common things of life to illustrate and present heavenly truth regarding the spiritual life. Parables are simple, but profound. A parable does not need interpretation, but it does need application. The parable of the sower, or rather of the four kinds of soil, presents the hearers of God's Word as being like four different fields.

I. The Wayside (vv. 3 and 12).

Through the fields of Palestine ran well-beaten paths, so hard from many footsteps that no seed could find lodgment and grow. The hearts of men are like that, with the world rolling its heavy wheels over the roads of our thinking. Sin and worldly pleasure add their bit, and the din and clutter of unwholesome or nonsensical radio programs cut their paths across our lives.

Little wonder that so much of the Word of God which we do hear is picked up by the devil's own birds and carried away. Let's break up the hard ground of our life's way, then.

II. The Rocky Ground (vv. 9 and 13).

Here we have the shallow soil on the rocky ledge, where seeds grow as if in a hothouse, but wither when the steady heat of the summer sun comes upon them.

Shallow hearers are those who receive the word with joy, are carried away with emotional enthusiasm, and seem to be most promising as followers of Christ until the real temptations and trials of life come, and then they are gone. They are like the soldier who enjoys wearing the uniform and marching in the parade past the reviewing stand with bands playing and flags flying, but who deserts his post when his company goes into battle. Surely, none of us wants to be that kind of a hearer of God's Word.

III. The Thorny Ground (vv. 7 and 14).

The soil was good, the seed found its place to live and grow, but no one kept down the weeds, and they, as usual, got the best of the good seed.

Note carefully in verse 14 what are the destructive thorns and weeds in the spiritual garden. The very things people in our day most seek—riches and pleasure—are the things which choke spiritually. Watch them and root them out.

Observe also that the "cares" of this world are the weeds of the devil. How they do press upon us and hinder our spiritual growth. A man testified that while he had attended church for 20 years he had never heard a sermon because he was always thinking about his business. How about you?

IV. The Good Ground (vv. 8 and 15).

The harvest comes from the good soil, and how it does rejoice the husbandman as it brings forth even up to a hundred fold.

The hearers of the Word who are thus fruitful for God are "honest." They listen to really receive help and do something about what they hear. They have "good hearts"—a field plowed, prepared and weeded, ready to bring forth fruit. When they hear the Word they "hold it fast"—they are reverent, thoughtful and obedient to the Word. Then they have the "patience" to grow spiritually. It takes patient effort and devotion to do that, be sure of it (read Luke 21:19 in the R. V.).

In conclusion, we ask, "What then shall we do—sow only in the good ground?" No, let us ask God to break up the beaten soil of the wayside with the plowshare of His Word. Let us deepen the shallow soil, fight the weeds and thorns by His grace until they give up. Then let us go right on sowing the seed "in season and out of season" (read II Tim. 4:1-5).

In all such labors your heart will sing with joy because here and there you will be privileged to minister to "an honest and a good heart" which will bring "forth fruit a hundredfold" to the glory of God and for the encouragement of His faithful seed-sower.

Do Not Guess

But let every man prove his own work.—Gal. 6:4.

"The jewels of Love"

PRECIOUS STONES of rare beauty, are set in the crowns of the monarchs of the world; their brilliancy is pleasing, and their monetary value often can scarcely be estimated. There are other stones, individually inexpensive, whose setting is not beautiful, but which have work to do in speeding up industrial production. These stones are small diamonds set in hardest steel, which grind and cut metal in a most effective way; they are valuable because of the work they accomplish.

Certain good and lovely qualities of thought have been likened to jewels, but their true and full worth can be rightly estimated only by those who have learned to discern spiritual good. The materially-minded know little of these jewels, just as the outside world knows little of the work done by the small diamonds in the factories. Among these beautiful qualities are meekness and temperance, and one may attain them, and prove their practical value. These qualities are indispensable to our progress heavenward, but they must be desired, and made one's own.

In "Retrospection and Introspection" by Mary Baker Eddy, the Discoverer and Founder of Christian Science, we read (p. 79): "Be temperate in thought, word, and deed. Meekness and temperance are the jewels of Love, set in wisdom." Many people have a wrong concept of these qualities, and believe that meekness indicates weakness of character and submission to another's human will. Rightly considered, it denotes true strength and a noble attitude of thought. Meekness and humility are generally speaking, synonymous, and one who is expressing humility is free from pride and arrogance. He is not self-assertive. One who is temperate is moderate in his desires, and therefore he is not self-indulgent. Are not these lovely qualities God-given? True wisdom and all right action proceed from God. Mind, and are exposed by the real man, the reflection of God.

Students of the Bible know full well that the great Master, Christ Jesus, was meek and temperate. Under what appeared to be the most trying circumstances, he was gentle and kind. He was strong also, because he was patient. He said of himself (Matthew 11:29) that he was "meek and lowly in heart," and yet has any man been more richly endowed with the Christ, Truth, than the Master? Jesus, of his meekness he was loving and compassionate. He knew that all good qualities belonged to him as part of man's divine inheritance. This knowledge enabled him to heal the sick, and to restore to wholeness those bound by sinful beliefs. Jesus declared (John 8:12), "I am the light of men; whosoever follows me shall not walk in darkness, but shall have the light of life." It was his clear understanding of God as divine Truth, Life, and Love, and his equally clear recognition of the real man as the image and likeness of God, that enabled the Way-shower to do his good works.

On page 360 of "Miscellaneous Writings" Mrs. Eddy states, "Meekness, moderating human desire, inspiring wisdom and procuring divine power." This should encourage mankind to pray for meekness; and clear thinkers are doing this, for they know that it enables them to make right decisions, and to deal justly with their fellow men. Christ Jesus demonstrated that God, divine Mind, is supreme, the only power. Those who are temperate express true self-government, for they permit themselves to be guided in thought and in deed by God, divine Love. . . . Paul said that "every man that striveth for the mastery is temperate in all things" (I Corinthians 9:25); and in his epistle to the Galatians he foretold the reward of righteous thinking, saying (Galatians 6:22, 23), "The fruit of the Spirit is love, joy, peace, longsuffering, gentleness, goodness, faith, meekness, temperance; against such there is no law."

We have many lessons to learn as we travel along life's highway, but when we express gentleness, patience, and kindness, we are progressing heavenward, and are expressing true wisdom. . . . If we desire, above all else, to be governed by God, divine Principle, we may prove individually that "the jewels of Love" are among our dearest treasures.—The Christian Science Monitor.

Guatemalan Costume Modeled for Friendship Circle at Meeting

A Guatemalan costume brought back by Miss Elizabeth Webb on her return from a three week's trip to that country and Honduras, was modeled by Mrs. E. C. Pitman at a Friendship Circle meeting in the Pitman home Monday evening.

The costume included a hand-woven blouse, hand-woven plaid skirt, hand-made sash and shoes of the type worn by the native women.

During her talk, Miss Webb told something of the history of the two countries, which she visited in company with Mrs. Chase Webb.

The beautiful snow-white churches

with their red roofs, and the wealth of flowers were among the things that impressed her, she said.

She showed more than a hundred snap shots she made during her travels, and many curios.

About 36 persons were present. Mrs. Walter Hills, Mrs. Frank Harden and Miss Dorothy Ferris were assisting hostesses for the social hour.

Plan to Open Bowling Alleys by December 1

Almost ready to open are the Antioch Recreation parlors, located in the former site of the Chevrolet sales rooms, 890 Main street.

The six bowling alleys are rapidly being completed. A number of men's and women's teams have already signed up to bowl. Persons wishing to join teams or to reserve certain nights for their bowling teams may notify Louis Bauer, manager of the Snow White ice cream parlor, who will also manage the recreation rooms.

The bowling alleys are scheduled to be ready for use around Dec. 1.

A capacity crowd was present and all tables were filled at the card party sponsored by the Altar and Rosary society of St. Peter's church last Thursday evening in the parish hall.

WEEKLY NEWS ANALYSIS

By Edward C. Wayne

Greeks Take Second Inning of War; 2,000 Killed in Rumanian Earthquake; Rumors of Changes in Next Cabinet; British Bombers Raid Italian Fleet

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
(Released by Western Newspaper Union.)

WOODBRIDGE, N. J.—This scene of desolation met the eye after a terrifying blast leveled the United Railway and Signal Co., here, killing nine persons and injuring 33. Though the plant made torpedo signals for railroads, it was said to be working on a device of "great importance" to the army and navy. (For news of other powder plant blasts see "DEFENSE" Supplies.)

FOUR HORSEMEN:

War

Greece is connected to Fascist-held Albania by three highways running through deep mountain passes. Down these three highways marched Mussolini's blackshirt legions in the first week of his war with Greece. Back up the highways hurried what was left of the divisions in the second week.

The Greeks, outnumbered two to one, reported they had pushed the invaders back on the northern and central front. On the southern front they also claimed victory, said a complete Italian division was surrounded and wiped out.

England, still pounded by German warplanes, saw the Tower of London, ancient prison where famous prisoners were confined in the Elizabethan era, smashed by a bomb. One night the raiding planes had an unaccustomed hum. The English guessed they were Italians, a guess confirmed when one was shot down. The Italian onslaught brought demands in London for a raid on Rome, treasured architectural city until now protected by agreement.

Said George Bernard Shaw, "There is no reason why Rome should not have it. If only people were not killed and we could select the places to be bombed, I would welcome an attack on London. They are knocking down a good many things we should have knocked down ourselves long ago."

Germany was being torn by tons of explosives also. When Adolf Hitler visited the Munich beerhall, Nazi shrine, R.A.F. fliers sought out the place and dropped explosives. Hitler cancelled the broadcast of his annual speech. The raiders found the spot just an hour after the address and sent high German officials scurrying to shelters.

Likewise when Soviet Premier Molotov and 22 trade and commercial advisers came to Berlin, the route over which their private train passed was bombed. The visiting diplomats escaped injury. The following day Molotov and Hitler held a three-hour conference during which it is believed the course of the two nations in relation to the Balkan countries was decided.

Death

The Pale Horsemen rode over Europe in more than war. An earthquake shook Rumania killing an estimated 2,000 and causing millions of dollars of property damage. Destroyed also were some of the principal Rumanian oil wells which have been supplying Adolf Hitler with the gasoline needed for his war machine.

Famine

Unable to ship food through the British blockade, the Axis powers have been forced to close all sea routes in occupied and unoccupied France. All Europe was under strict rationing.

Pestilence

How long England holds out may depend indirectly more than directly on Nazi bombs. Millions of people were crowded into air raid shelters night after night, in foul air and weakened by loss of sleep. It is feared this may bring epidemics as soon as spring arrives.

On the continent, other millions enfeebled by lack of proper nutrition, also are susceptible to disease.

NIBLETS . . . of the week's news

Spy—Tyler Kent, 29-year-old clerk in the American embassy in London, was convicted of an offense against the Official Secrets act, Kent, a graduate of Princeton and George Washington university, previously served in the U. S. embassy in Moscow. Sentence was reserved pending trial of Anna Wolkoff, daughter of a Czarist-Russian admiral, who testified in the Kent trial.

Death—Neville Chamberlain, opposition prime minister of Great Britain, found the peace he so long sought. Amid the roar of German bombs around his Hampshire home, the ill and aged statesman died at the age of 71. Earlier it had been reported he would seek health in California, but his illness had proceeded too far for that trip to be undertaken.

Refugee

NEW YORK.—Mme. Annetto Clemenceau, daughter-in-law of Georges Clemenceau, "The Tiger" of France in World War days, is photographed on her arrival in New York aboard the S. S. Exeter. The Exeter brought many American and European refugees from the war zone and the ship's officers told of two shots fired across her stern by a British patrol boat while the vessel was one hour out of Lisbon, Portugal.

CONGRESS:

No Business

Congress continues the fiction of being in session, although virtually all but a few members left the city. Every other day officials of both houses appear, open the session, hear the official prayer, permit speeches to be inserted in the Record and then recess within a few minutes. There is no embarrassing roll call.

Agitation for an official adjournment is opposed by Republican leaders as well as many Democrats. They hold congress should be in the position of instant action, due to the troubling foreign situation.

One bill being worked out in the meantime is the Ramspeck measure for extension of the merit system to cover some 150,000 more government workers. The bill has been passed by both houses and is being delayed because the house won't accept changes made in conference. Final acceptance would make the Roosevelt administration the record-breaker for civil service extension.

Debt

Meanwhile Treasury Secretary Morgenthau warned the ceiling on the federal debt must be raised soon, due to heavy defense spending. A formal treasury request for new taxes and a higher debt limit—probably \$50,000,000,000—is not expected until next January however. The present congress has voted almost \$17,000,000,000 for defense. Morgenthau said the treasury has no idea of asking congress to pass a retroactive tax on government securities.

NEW STATE:

Hawaii Votes

By a vote of two to one Hawaiian citizens expressed a desire for statehood. The vote was merely a plebiscite, an indication of how the people of the 40 islands feel toward the question.

Agitation in the islands to become the forty-ninth state goes back beyond the time when the area was annexed to the United States. An element in the island then sought to make the annexation dependent on statehood. But congress merely granted the new land territorial rights.

The territorial legislature now is expected to petition congress again. If the petition is granted, the legislature must draft a proposed constitution which also must be approved by congress. A congressional resolution is the final step in the admission procedure.

DEFENSE:

Supplies

To equip the men who will operate U. S. tanks, trucks and planes, the army quartermaster depot at Philadelphia is working overtime. In one week the depot accepted bids of 500,000 bath towels, 15,000 pairs of gauntlets, 200,000 field hats, 10,000 pounds of twine, 20,000,000 yards of khaki cloth, 550,000 roll-collars, 2,000,000 pairs of leggings, 9,000,000 pairs of socks, 2,347,000 pairs of shoes and 750 bugles.

Engines by Ford

The Ford Motor company has been awarded its first defense contract, \$123,000,000 order for airplane engines. Last June, Henry Ford declared he would accept orders for the United States but not for Britain. The number of engines in the order was not announced.

Share for Britain

Great Britain will receive approximately 26,375 American-made airplanes before June, 1942. This was made possible by arrangement approved by President Roosevelt, who agreed to allow London 50 per cent of the planes which will be produced in the United States by that date. The extent of the British order was set at \$2,000,000,000.

The 50-50 sharing will extend to other munition needs, the Priorities board announced. Deliveries will be staggered.

Now, when the smoke of the political battle field has swept away; the excitement and strife of factions subsided, a clearer view of the late passionate contest demonstrates the folly of it all as one contemplates the result. Every true American mind must desire to locate this new imperial dynasty (McKinley-Roosevelt) and learn if there is any cause to fear a reversion from the simple and safe traditions of the Republic to the imperial methods of Russia or Ancient Rome.

George Webb and daughter, Libbie, left Tuesday evening for Virginia, Minnesota, for a visit with relatives. A very pleasant home wedding occurred yesterday at the home of the bride's parents, Mr. and Mrs. A. B. Paddock, at Channah Lake, the occasion being the marriage of their daughter Birdie to Leslie H. Rogers, the Rev. E. J. Aiken officiating. The Chrysanthemum show and New England supper at the Opera house last night was a decided success, over 250 tickets being sold.

Miss Genevieve Clark, daughter of Speaker and Mrs. Clark, has declared against the turkey trot, the tango and other ultra-modern dances. "Low temperatures, riding on bitter gales of wind, settled down over the central and eastern parts of the United States. All up and down Lake Michigan the storms wrought havoc; Milwaukee's new \$30,000 municipal breakwater was washed away; Detroit was without communication for hours, and more than \$150,000 damage was done in Chicago to docks and filled-in lands; fourteen feet of snow banked up in the Cumberland mountains and stopped trains for hours.

Thanksgiving Day

THE Psalmist sang (Psalms 69: 80), "I will praise the name of God with a song, and will magnify him with thanksgiving." Thanksgiving Day, in the United States, originated with the Pilgrims, who set apart a day for thanksgiving to God after their first harvest in 1621. Later on, President Lincoln, appointed the last Thursday in November, 1863, to be set aside for thanksgiving and praise to God.

The Pilgrims encountered many difficult problems in establishing their homes in a new land, but through steadily turning to their heavenly Father for help they were guided through the gloom. Is it any wonder that their sense of gratitude for their deliverance caused them to render thanks to the Giver of all good gifts?

As Thanksgiving Day recurs through the years, we are reminded of the Psalmist's statement (Psalms 20:6, 7), "I will wash mine hands in innocency: . . . that I may publish with the voice of thanksgiving, and tell of all thy wondrous works." Today our hearts go out in gratitude to God, divine Love, who is leading the people of many nations through the Red Sea and the wilderness of materiality, and who will deliver them as they seek His presence. In the face of "wars and rumors of wars," we can lift our thought in thanksgiving to God; for is there not always something for which we can be thankful? In "The First Church of Christ, Scientist, and Miscellany" (pp. 149, 150) Mary Baker Eddy writes: "Remember, thou canst be brought into no condition, be it ever so severe, where Love has not been before thee and where its tender lesson is not awaiting thee. Therefore despair not nor murmur, for that which seeketh to save, to heal, and to deliver, will guide thee, if thou seekest the guidance." The demonstrable truth that divine Love is with us and will guide us if we seek its guidance, is indeed cause for thanksgiving.

We must maintain this constant thanksgiving in our thought. As we acknowledge the one God, we begin to comprehend our true habitation in the kingdom of heaven, and are safe therein. This is our defense, which can never be taken from us, where ever we may be. We are safe and protected under all circumstances and conditions if we acknowledge God's allness and our unity with Him. Noah in the ark, Joseph in exile, the Hebrews in the fiery furnace, Daniel in the lions' den, and Jesus—most glorious of all—understood and proved God's supremacy. They were protected through every trying experience and thus proved the powerlessness of mortal mind.

In what may seem a saddened home, darkened by mortal mind's illusions, in apprehension of still other contests to be waged, one may express thanksgiving that God is over present, and that right must and does win the victory over the claims of evil. Mortal mind claims to put heavy burdens upon us. It attempts to bring utter despair and despondency; it appears to lay waste to the achievements of years of progressive work, but there rings forth the command that sounded in the ears of the children of Israel to go forward. We should never look back. Looking back into matter means looking back into illusion. Evil is not power, reality, or substance. The aggressive suggestions of evil would claim to outdo the love of God, but thought which trusts in Him cannot be mesmerized into admitting that evil has reality, personality, place, or power.

Thanksgiving Day should mean that we give our whole-hearted praise to God, the omnipresent Mind, who loves and cares for all His children. It is not a day to be spent in wasting, wantonness, or in the gratification of the senses. Rather is it a holy day, in which thought should be lifted in thanksgiving to God, and to the men and women throughout the centuries who have given unselfishly to the cause of freedom and the betterment of mankind. In response to a request from a newspaper for "a sentiment on what the last Thanksgiving Day of the nineteenth century should signify to all mankind," Mrs. Eddy said, in part, it signified that "the Christ-spirit will cleanse the earth of human gore; that civilization, peace between nations, and the brotherhood of man should be established, and justice plead not vainly in behalf of the sacred rights of individuals, peoples, and nations." (Miscellany, pp. 204, 205). This sets forth the glorious purpose of Thanksgiving Day.

PEST ERADICATION CONTEST IS PLANNED

Members of the Antioch high school chapter of the Future Farmers association have voted to renew its competition with the Warren township high school in the eradication of farm pests. Antioch won the contest last year but one of the Warren contestants took individual honors. This year the Antioch aggregation is determined to take all of the prizes.

The contest will be based on points which will be awarded on the basis of so many points for each rodent or bird destroyed. The contestant who is capable of annihilating the greatest number of crows will have an edge over the competition. A total of 75 points will be awarded for each crow eliminated, 25 points for rats, 20 points for starlings, and five each for mice and sparrows.

Besides providing the club with an interesting activity and giving them some training in elimination of such pests the contest will serve to rid both Antioch and Warren township of many unwelcome animals and birds.

The members also voted to organize and develop a basketball team for interschool competition. A committee was named to arrange dates for basketball practice and to assist in the selection of the team.

A committee was also named to arrange for a joint meeting of the FFA with Home Economics Girls' club, for Tuesday of this week.

Several boys were also assigned to post game refuge signs in the wood lot and the slough in the extreme eastern

section of the school grounds. They will also arrange for shelter and feeding places for the wild animals and birds on the tract.

Minor Blazes Bring Two Calls for Firemen

A fire in a box of papers and rags resulted in scorched paint in the interior of the garage at the home of Dr. and Mrs. E. J. Hays, Monday morning at 11:45 o'clock.

Half an hour later the Antioch Fire department was called to the Glenn Goodell home to extinguish a grass fire.

Last Thursday the rescue squad was called to Indian Point to move Mrs. Frank L. Blakely to St. Therese hospital. Mrs. Blakely had come out from Chicago to spend the day at her summer home, and while walking down stairs had fallen and injured her right elbow.

Rain Puts Out Slough Fire at CCC Camp

Rain which started to fall about 7 o'clock Tuesday evening proved a boon to the Fox Lake State Park CCC camp by extinguishing a slough fire that threatened the buildings.

The Fox Lake fire department and No. 2 company of Ingleside were called to the scene.

Through an error the Ingleside company, believing the fire was at Channel Lake, sped to Antioch in search of the conflagration, before learning of the mistake.

CHICAGO BALLOT THIEVES ARE PIKERS, EINAR SAYS

Chicago and Cook county ballot thieves are pikers compared with the other counties of the state, according to Einar Sorenson, local Democratic leader who was a candidate for congress in 1932.

Sorenson's version of so-called "honest" elections was printed over his signature a few days ago in the Chicago Daily News. Here it is:

Jealous Downstate

"I have heard so much about Cook county and Chicago's vote pirates that I am becoming jealous. Chicago and Cook county ballot thieves are pikers compared with the 101 downstate counties of Illinois where they have no permanent registration, no revision, vote anybody that comes along if somebody has the courage to sign an affidavit, if he or she belongs to the political party you are interested in. Both parties do the same. 'Vote them all' is the slogan. After the polls close split up the ballots among the judges and clerks, use dummy tally sheets, try to agree on the number of votes cast for the various candidates, take a few extra here and there, providing it is for the candidates you are interested in. If you people who are crying for honest elections forget about Chicago and Cook county, come out and see how the poor farmers and small business men perform, you can get a few lessons in American politics."

Looking up and down the main drag, we see where a small dog kind of was disappearing of a telephone lineman Monday, and showing that he did by barking at said line's leather trappings and equipment as both journeyed down the sidewalk. . . . The cold weather recently sorta put a quietus on the sidewalk conferences the gents like to hold, during intervals of the morning and afternoon. Too much cold air blowing around to give any of the warmer variety a chance. . . . Three noon whistles on Monday, two being for the fire department, caused quite a few folks to check their watches, just to make sure. . . . maybe some of the men folks might have been late home to lunch, but they couldn't say they weren't reminded. . . .

A threatened fight between two beligerent parties on Main street being promptly squelched by Marshal "Bill" Thiemann. . . . Dalgard's cat, with arched back and ready claws, and a red Chow that wandered out of "Bud" Holtz' refreshment establishment being the parties.

"All aliens are advised to register as soon as possible and avoid the Christmas rush"—Federal post-office department press release.

Limiting Crops
Great Britain's agricultural department is limiting such crops as flowers and herbs on small truck farms to devote the land to food production.

Great Strength
The giant reptiles of ancient times depended on their great strength to overcome their prey, as do our larger reptiles of today, such as the crocodiles and larger snakes.

Forest Products
The United States government realized more than \$4,819,000 from the sale of forest products in 158 national forests during a recent year.

Mrs. H. H. Perry entertained the members of her bridge club at her home Tuesday afternoon. Mrs. J. Wenzl of Twin Lakes and Mrs. Mollie Somerville were holders of high scores.

Mrs. Mollie Somerville spent Saturday in Chicago.

Benjamin Lawrence of Fox Lake Passes Away

Benjamin Lawrence, 85, Lawrence avenue, Fox Lake, a resident there for 40 years, died last Wednesday in the Lake County General hospital. He had been ill three days.

Born in Norway, Lawrence came to America 60 years ago. He had made his home in Fox Lake since 1900. Prior to his retirement four years ago, he was a tinsmith.

Surviving are a sister, Mrs. Hanna Paulsen, Chicago, and a brother Frank Lawrence, Cleveland, O.

Funeral services were held Saturday at 1:30 p. m. in the Smith funeral chapel, Fox Lake, with the Rev. Jesse Firestone of the Ingleside Community church officiating. Interment was in Arlington cemetery, Elmhurst.

Dudley Ward, in Hospital 100 Days, Brought Home

Dudley Ward, son of Mr. and Mrs. W. W. Ward, was brought home Sunday from Hillings hospital, where he has been since last July when he was injured in a fall from a springboard.

Dudley sustained spinal injuries at the time, but has now recovered to the extent of being able to walk.

He will attend classes at Antioch High school, where he is a junior, for

three hours each day. While in the hospital he received bed-side teaching to enable him to keep up with his studies.

A purse of \$100 was recently presented to the Wards by the Antioch American Legion and Auxiliary, of which they are members, in token of which they are members, in token of their friends' best wishes for Dudley's complete recovery and their desire to aid in some manner.
